## Review of Domestic Israeli Studies in 2022

SUN Wanna

**Abstract:** Research on Israel-related issues is the focus of current academic circles. In 2022, great achievements have been made by Chinese academic circle in the study of Israeli politics, economics, culture, religion, literature, scientific and technological innovation, ethnic issues and external relations. Detailed review of these achievements and their characteristic, will not only be of great academic value for advancing Jewish-Israeli studies, but also can help promote exchanges in academic, innovative collaboration and other fields between China and Israel.

**Key Words:** Israel Studies, Economy and Culture, Foreign Relations
